

STUT's First-Aid Cases, First-Aid Bags and First-Aid Model (Anne) Loan Application Process

STUT's First-Aid Cases, First-Aid Bags, and First-Aid Model (Anne) Loan Application Process

If faculty or students want to borrow, they have to write the Application Book in details in Health Office in 2nd Floor, F Building, which makes sure whether they have to return those objects, signs, and borrows out. After using them, students need to return the objects to Health Office, which makes sure whether people destroy or lose non-expendable supplies. If borrowers destroy, they must buy non-expendable supplies. If they don't, the member in Health Office signs his/her name in the Application Book and indicates the return date.
